Maintenance Program for hard surfaces sealed with 2 coats of Tough Grip and Shower Grip

Tough Grip and Shower Grip should be left to cure for 96 hours before any scrubbing takes place.

You can allow light duty traffic after 24 hours of installation.

REMOVE SPILLS WHEN THEY HAPPEN

Daily

Sweep floor regularly with a micro fibre dust sweep .

Clean with Multi-Clean Tough Green cleaner degreaser using a micro fibre mop.

Use Multi-Clean Tough Green, our 'green' cleaner, in your auto scrubber.

Scrub with a *soft brush* fitted to an auto scrubber.

Special notes

Make sure all furnishings have rubber stops under them at all times.

Do not drag heavy items across the floor as this will damage the surface.

Rather pick them up when you move them.

Office chairs with roller type wheels need to be protected with a hard durable mat under them

Things not to do

DO NOT clean with CITRUS, AMONIA, PEROXIDE CHLORINE or ACID based cleaners.

DO NOT gurney the floor with a high pressure washer.

DO NOT use a Tynex brush on the auto scrubber.

The floor should be recoated in high traffic areas as and when it is required.
